

THE VOYAGE

SENIOR LIVING

THE VOYAGE

The Voyage has been serving seniors in Southern Illinois for more than twenty years. The Voyage began with one small community and has now grown to seven communities at four locations and two independent living complexes. Our passion has always been to serve the senior in need; not only physically and emotionally, but also financially. We work very hard to make it possible for all income levels to live in a comfortable and home-like setting. Our private apartments allow for the resident to live both independently and yet still receive the support they need, at any time of the day or night. At The Voyage, we see each resident as an individual. We work with residents and their families to determine their needs and to serve their personal expectations. Each resident has the choice to make their own decisions regarding the care they are receiving from our staff. Therefore, our individualized care plans can change daily.

S.E.R.V.E

The mission of The Voyage is to S.E.R.V.E. seniors by providing the highest quality of care in residential communities. Safety, Empathy, Respect, Values & Encouragement.
